PEOPLE OFTEN MISTAKENLY READ IT AS "MARY"
IT'S A LITTLE EMBARRASSING
"MARY-CHAN" IS IT..
That didn't work...
Did that make him angry?

*Pronounced the Kanjis used for his first name Masamichi, can also be read Shinri or Mari. He's trying to lighten up the mood with the pun on his name

OUR RELA-TIVE FROM OVERSEAS IS WORKING ABROAD IT'S GOING TO BE DIFFICULT FOR SHINYA TO BE ALL ALONE WHEN ATTENDING A JA-PANESE HIGH SCHOOL FOR THE FIRST TIME

BUT HIM LIVING ALONE WORRIES ME THE MOST AND THERE'S ALSO THE MATTER OF HIS COUSIN'S CHASTITY
SHINYA HAS BEEN TO JAPAN ONLY ONCE BEFORE
I THINK THINGS WOULD GO MORE SMOOTHLY IF HE HAD SOMEONE HIS AGE WITH HIM
IF SO, THEN NACHI WILL GLADLY MOVE IN WITH SHINYA

My first pilot & steward story.
I thought I knew that environment but in fact there were lots of things I didn't know. I ended up asking my editor to gather reference books-- thank you very much -- and here's the result.
But then, when I received the "ero instruction" from my editor (shifting the responsibility ^^;;) I turned bright red at the phone. (I was told I'm weak to oral torture...)

For this series, I received information from a friend who's a tour conductor.
Q: Are there times where the pilot rests in a passenger's seat?
A: Yeah, it does happen.
Q: How's the pilot's resting room?
A: It's like an eel's bed, there's no way two people could fit in there.
Q: There are 3 people in the control cabin, right?
A: Nowadays, even for international flights there are only 2 persons in the cockpit, the pilot and the co-pilot (since the flight lengths are shorter).

At first I was planning to make them do stuff in the resting room. But nothing like that appear in any of the different reference books?! A black box?!
(I received this information from my tour conductor's little sister who's a stewardess.)

My editor tried to get me an appointment with a publishing company who does airplane-related books. But, and you won't believe this! "It is not published because of anti-terrorist measures" was the reason for it not appearing in any of the books.
After this business appointment-- the first part got released in August 28th. That big incident in New York happened on September 11th.
--May the victims' souls to rest in peace--.--

But then in the first part, the twin towers appeared a little. I'd also planned to use them in the next part, but... The next part (first released October 28th) was released right after the incident, I thought the memory was too fresh. The place where Hinohara followed Mari-chan was New York, but during a meeting we had it.

What's more, my tour conductor friend said: << English flight stewards are all gay >>
Isn't it too much to say they ALL are?! Well, I got to learn a lot of things with this work.
The model pictures for the steward/stewardess uniform were interesting--Hehehe-- uniforms are great!!

ZETTAI HUKUZYU!

In Biblos I got to write stories about young couples for once. In fact, I find it easier to draw persons from that class (I'm bad with adult bodies... they're hard...). So it felt good to draw.

In fact, in my head Himuro and Tsukasa from 'Kimi ni Kiss Shitai' are strangely overlapping. Or rather, taking away Himuro's darkness and making him a little more brazen-faced, we get Manse. Taking some of Tsukasa's intelligence (he had some?!), redrawing him with a rounder face and we get Nachi. They both ended up becoming impatient idiots ^^.

The thing about them having met in the past was at a funeral. I wrote about it a little in the plot, but since it wasn't that important it got cut. Well, they just met as kids. At that time Manse and Nachi were about the same height, but since then he became Manse the King ^^. A guy who had a child's soul until he's 100 years old?

At the time I made that story up, I was in Master & Maid mood. So I decided to challenge it, but my mood ended as just a mood. Not once did I feel tempted to use a rich guy.
I also got in the mood for brutal guys, but somehow I didn't manage to make it mine ^^. Which is too bad >.< I also have a hard time with drawing the submissive type, does that mean it's impossible for me to make such a couple?!

The one I surprisingly enjoyed drawing was Kanda (Kimi Kiss's Yoshizumi?) though he's right out of a model book. Picking up one's behaviour after interfering in other people's business is too late~ If the other one is Ubu then the first to act is the winner.

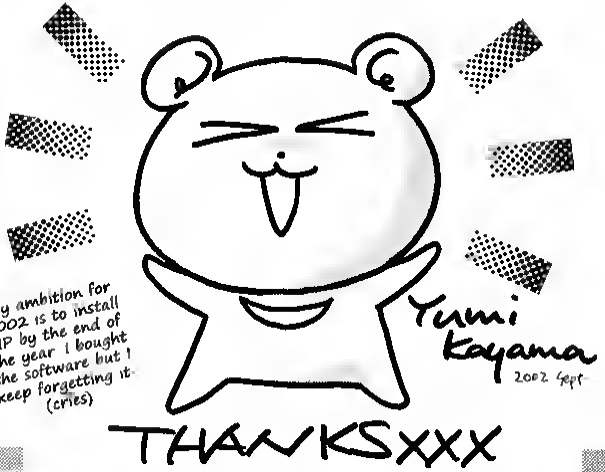
Was it in 5th year or preschool that I got a room of mine? As a result I can only imagine Nachi's mental state. I can't relax when there's someone else in my room (even if it's family). So I guess I do understand it a little~ But I definitely don't want to pay my rent with my body. Ahaha[] ^^. But then, if I think about it calmly, having one's first masturbation as a high school student is a little sad for a healthy young man, no? Sorry Nachi ^^... Without even knowing what' it feels like to masturbate, you got dragged into a strange world.

These two will probably become all lovey-dovey from that situation. Yeah, surely.

Omake!! In the first script Miss A was "Madona". After being told it sound old (which is true) by my editor, it became Miss A. Well, thank you very much~ So embarrassing. I was told that nowadays young people don't use it.

Hello, I am Kayama. Thank you for following this series until now!! This is my 10th manga with Biblos. I only just realized that *clap clap clap* But the previous 3 manga are out of print Ohoho-- ^^. There are ups and down in life.

Well then, the 2 semes this time were strong minded. It might have felt strange coming from one of my semes, huh? So. It might have been a pretty hard change, no? I hope you enjoyed this story. If you have any comments, please do let me hear about it. Well then, let's meet again somewhere *heart* August 2002



My ambition for 2002 is to install HP by the end of the year. I bought the software but I keep forgetting it. (cries)
